1.4 Appendix B details the Charges for Specific Services.

## **2. Context**

2.1 With effect from 1 April 2017, the Gas Transporters’ Licence has been amended to introduce Standard Special Condition A15A (“SSC A15A”), which places obligations on the licensees to establish a Central Data Services Provider (“CDSP”). Xoserve is the CDSP.

2.2 SSC A15A requires the establishment of a CDSP Service Agreement with Gas Transporters, with Shippers, and with independent Gas Transporters (with effect from the Project Nexus Implementation Date). The CDSP Service Agreement is the Data Services Contract (“DSC”), which is being implemented in response to Ofgem’s direction to implement UNC Modification 565.

2.3 The DSC requires the CDSP to issue to each to DSC Customer (and to the DSC Contract Management Committee) by 31 January in each year an Annual Charging Statement for the following year.

2.4 The Charges set out in this Annual Charging Statement reflect the application of DSC Charging Methodology to the CDSP Budget for 2018/19 as approved by the Xoserve Board on 24 January 2018.
